

CONSTRUCTION BULLETIN

UW Medicine Behavioral Health Teaching Facility

1550 N 115th St. Seattle, WA 98133

JUNE 2021

The purpose of this bulletin is to inform staff, patients, visitors and the neighbors close to the University of Washington Medical Center Northwest campus about the Behavioral Health Teaching Facility (BHTF) construction project. This bulletin will be published quarterly during the design phase and monthly during the construction phase. Please see the webpage for more information about the project, construction logistics and the milestone schedule. <https://facilities.uw.edu/projects/behavioral-health-teaching-facility>

CONSTRUCTION ACTIVITIES

The construction team finished demolishing the D-Wing connector in May. Demolition of the D-Wing building and the re-routing of underground utilities begins in June. These activities require the closure of parking lots C and D. Lot C will be closed June 01-June 18, 2021, and Lot D will be closed on June 07, 2021 and will remain closed for the duration of the project, Fall 2023. The construction team is also working with Puget Sound Energy (PSE) to relocate the A-wing gas meter. This work includes installing distribution piping on the exterior walls and roof of B-Wing, and is scheduled to be completed mid-July.

PROJECT OVERVIEW

The new Behavioral Health Teaching Facility will be a one-of-a-kind fully integrated welcoming and healing environment for individuals struggling with serious physical and behavioral health problems. The building will support a full continuum of clinical services ranging from effective medication management and psychotherapies to state-of-the-art neuromodulation treatments, medical and surgical care for individuals with medical and behavioral health disorders. The building will also become the home for an interdisciplinary training and workforce development program that is focused on preparing and supporting the next generation of behavioral health providers for Washington State.

If you have any questions about the upcoming work at UWMC Northwest, please feel free to contact us and we would be glad to provide any additional information. Please see attached the Parking Phasing Plan, regarding the temporary parking lot closures.
