CONSTRUCTION BULLETIN

UW Medicine Behavioral Health Teaching Facility

1550 N 115th St. Seattle, WA 98133

Rendering of BHTF, SRG Partnership

The purpose of this bulletin is to inform staff, patients, visitors and the neighbors close to the University of Washington Medical Center Northwest campus about the Behavioral Health Teaching Facility (BHTF) construction project. This bulletin will be published quarterly during the design phase and monthly during the construction phase. Please see the webpage for more information about the project, construction logistics and the milestone schedule. <https://facilities.uw.edu/projects/behavioral-health-teaching-facility>

CONSTRUCTION ACTIVITIES

The exterior facade of the building is tracking to be completed by the end of the Summer. Interior finishes such as paint, tile, flooring, and cabinetry are progressing throughout the building. Site improvements to the campus loop road and parking lots C, and D will continue through the summer months. Starting in August and continuing through the Fall months, construction will begin on 120th Street North. Flaggers will be present during any road closures due to construction activities and the roads will be fully open during off hours.

When needed, crews may work on Saturdays between 9am and 6pm in accordance with the approved Construction Management Plan. We appreciate your patience with potential traffic and noise disturbance.

The photo below shows the installation of wood paneling at one of the new nurse stations on level 2 of the building.

PROJECT OVERVIEW

The new Behavioral Health Teaching Facility will be a one-of-a-kind fully integrated welcoming and healing environment for individuals struggling with serious physical and behavioral health problems. The building will support a full continuum of clinical services ranging from effective medication management and psychotherapies to state-of-the-art neuromodulation treatments, medical and surgical care for individuals with medical and behavioral health disorders. The building will also become the home for an interdisciplinary training and workforce development program that is focused on preparing and supporting the next generation of behavioral health providers for Washington State.

If you have any questions about the upcoming work at UWMC Northwest, please feel free to contact us and we would be glad to provide any additional information.
