<b>Action</b>	Construction Phase and Completion of Design – Exterior Enclosure, Public Spaces, and Site Refinements		
<b>Goals &amp; Objectives</b>	The goals of this project include the following: <ol style="list-style-type: none"><li>1. Continue success in attracting the best faculty, students, and staff</li><li>2. Create space that is flexible and adaptable to meet the evolving needs of the Foster Business School</li><li>3. Complement existing Foster School buildings to form a cohesive and connected Foster School complex</li><li>4. Celebrate and enhance distinctive campus open space and circulation patterns in this part of campus</li></ol>		
<b>Project Scope</b>	The project design consists of a new 85,500,00 square foot building to replace Mackenzie Hall. The program is a mix of instructional, academic and administrative spaces and includes classrooms, offices, team and meeting rooms, and common areas. The Project has advanced into Construction with start of regulated materials abatement. Demolition of the existing building will begin upon completion of the abatement. Design refinements for the exterior enclosure, public spaces, and the site continue. Permitting on the project is occurring in phases to keep pace with the construction.
